## WIN WITH TALBOT ON LONDON DOWNSTREAM ENERGY & POWER

A reliable, consistent, and highly experienced team of experts.

Here's how Talbot's London Downstream Energy & Power team helps brokers win and retain business:

### An experienced market

Talbot's Downstream Energy & Power team in London is one of the most experienced in the market. Our decades of knowledge inform every decision we make.

### Long term relationships

Our Downstream Energy & Power team is particularly proud to boast 15+ year relationships with key accounts, client retention ratio in excess of 85%, and the depth of client knowledge that has built up alongside them.

### A nimble partner

We are nimble, meaning we can make decisions quickly once we've analysed the risk. This responsiveness drives our partnership approach and ensures our focus is on delivering value for our brokers.

### Claims excellence

Our dedicated Energy claims specialists are exceptionally knowledgeable and experienced. They manage claims efficiently and with a high degree of care and sensitivity. They've been around long enough to understand that claims are the foundation of enduring relationships.

### Solutions orientated

Over the decades, we've seen a huge variety of Downstream risks and worked for years with almost every client in the sector. This makes the Talbot team a trusted and respected resource for brokers. Engineering expertise forms part of our team and we offer extensive industrial experience and insight, as well as technical support through desk-based reviews and site surveys.

Products and services are written or provided through Talbot Underwriting Ltd, Syndicate 1183 at Lloyd's (Talbot) or by subsidiaries or affiliates of AIG. Products or services may not be available in all countries, and coverage is subject to actual policy terms. Non-insurance products and services may be provided by independent third parties. Talbot Underwriting Ltd, Syndicate 1183 at Lloyd's is listed on the NAIC International Insurers Department Quarterly Listing of Alien Insurers (IID-listed insurer). IID-listed insurers are not licensed and generally do not participate in state guaranty funds, and insureds are therefore not protected by such funds. The term AIG refers to American International Group, Inc. property and casualty insurance operations, including related property and casualty business divisions, but not to any specific subsidiary insurance company. Licensed, surplus lines brokers may obtain products and services from Validus Specialty, an AIG subsidiary and affiliated coverholder of Talbot.
