Here's how Talbot's PI team helps brokers win and retain business:

In-depth expertise

Our brokers and clients benefit from the wide-ranging expertise and experience of our underwriting team. We are friendly, approachable, and consistent, but also dynamic and innovative. The Talbot PI team aims to create long-lasting client and broker relationships, and to be a valued business partner.

Responsive service

Our experienced PI team understands the value of good service, and is focused on providing our brokers with prompt decision-making, and speedy turnaround times. We do so thoughtfully, especially for complex risks, with a solutions-focused approach that helps brokers and clients.

Creative solutions

Talbot's Professional Indemnity team typically participates in both traditional primary, and excess business on a lead and follow basis. We want to find ways to say yes, and we will work to deliver a credible, leading position. We specialise in tailoring specific solutions for clients' needs where we lead mid-sized, complex risks.

Claims focus

Talbot's dedicated Financial Lines Claims team is highly experienced. Our responsive specialists are able to offer a risk perspective that resonates throughout broker and client interactions.

Dual stamp

Talbot's parent, AIG, is a leading PI insurer around the world. We have the ability to deploy a dual stamp when collaboration helps brokers and clients, and we share AIG's resources and intelligence to increase the value we are able to offer our business partners.
