

WIN WITH TALBOT ON ACCIDENT AND HEALTH

Growing with enthusiasm to serve the people we cover

Here's how Talbot's Accident & Health team helps brokers win and retain business:

Diligent underwriting

We apply our considered underwriting approach to each risk we are presented with. Sharing our nuanced view of our risk assessment helps our broker partners grow, and facilitates best-possible outcomes for our mutual clients.

Claims for real people

We underwrite people and treat each claim with the utmost importance.

Our experienced A&H claims team is integral to our operation and works with brokers to give clients the responsive service they need.

AIG Group

Talbot's A&H team is an independent underwriting unit but also part of the AIG Group.

This allows us access to greater resource and collaboration within the wider group, which provides another useful tool for us to facilitate risk solutions.

Growing together

We are ambitious and excited to grow our Accident & Health portfolio. By engaging and listening to our brokers, we seek to apply our expertise and resources to deliver high-quality service and coverage to exceed expectations.

Experience & longevity

The A&H team at Talbot – including our A&H claims team – has grown together for many years. During that time we have become single-minded in delivering the best products for brokers and insureds. With specialist knowledge and experience, our dedication to our customers is assured now and for the future.

Fast, thoughtful solutions

Talbot's A&H Team can respond quickly and with focus to provide risk solutions for your clients' needs, however complex the request may be. Our Lloyd's licenses allow us to access markets across the globe, meaning we can usually provide risk solutions wherever your clients are located.
